

## Notice of Forsyth County Early Voting Sites, Buffer Zones and Electioneering Area

The following is a list of all early voting sites in Forsyth County with a description of each buffer zone and electioneering areas for November 5, 2024, General Election Early Voting period.

Buffer zones are set as designated by G.S. 163-166.4. Election officials will mark buffer zones with “No Campaigning Beyond This Point” signs. Campaigners are not to enter the buffer zone except for use of restroom facilities, specific business with another entity in a building jointly occupied, or for voting purposes. Please note, public restroom facilities may not be available at all polling places.

While inside the buffer zone for one of the aforementioned reasons, campaigners should refrain from engaging in activities that violate or appear to violate campaigning guidelines. Campaigning issues or suspected violations are to be brought to the attention of the Chief Judge and the Board of Elections office.

Each early voting site has a designated campaigning area as described below. Campaigners should never block traffic, parking, or entrances. Campaigning supplies should not be left unattended and may not be left at the early voting site overnight.
